Open Forum
(Open Meeting Act Civil Code §4925)

As provided for in the "Open Meeting Act," *association members* have the right to speak at open meetings of the board. This commonly referred to as the "Member Comment Period" or "**Open Forum**" portion of the meeting. Members have a right to observe the conduct of the board's business but they do not have a right to participate in the meetings. This is the same policy followed by municipalities.

Time Allocation. The only time members have a right to participate in meetings is during the "open forum" portion of an open (non-executive session) meeting and only for a reasonable time established by the board. Members can ask questions but directors are limited in how they can answer them.

All members are welcome to participate in the Open Forum portion of the meeting, however, when the Open Forum is concluded and the Board begins the Business portion of the meeting, members will not be able to participate in the discussion unless recognized by the President.

We thank you for attending the Meeting and welcome you to stay for the duration of the meeting.
